## About me

I am a Brazilian Software Engineer with a Bachelor's degree in Computer Science. My career began as a Frontend Intern, where I built foundational skills, and after a year, I transitioned into full-stack development. Currently, I work as a Systems Developer at Accenture, contributing to the Infrastructure Management Services (IMS) team. My role focuses on developing and maintaining automation solutions to optimize client operations, ensuring efficiency and reliability in infrastructure management.

I am committed to being a supportive and approachable colleague, dedicated to meeting objectives and fulfilling my responsibilities. I believe that collaboration and maintaining a positive attitude are essential to success in any team environment.

## Work Experience

### FlexTogether

Remote

INTERN

Jan. 2023 - Mar. 2024
